# SMART INVESTMENTS

## help grow your business

With ROM, you buy a machine known for its excellent characteristics. You are assured of the reliable ROM quality. Everything is designed to clean easily and quick. More cleaning per day means more profit.

But that's not all... You can build on proven low costs throughout the entire lifecycle, resulting in maximum profit. A high return on investment is key!

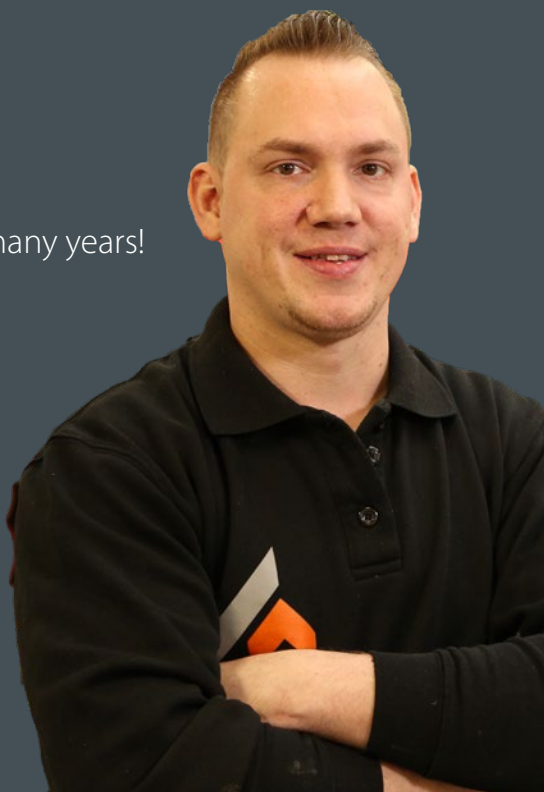

A ROM is built in such a way that it consumes as little energy as possible. Whether you choose a fuel-efficient petrol or diesel engine, pto or an electrically driven machine. Count out your daily savings!

The high return on investment ensures a maximum profit return year upon year. So, count on proven performance, choose a ROM. A real money-making machine.

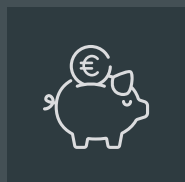

**With ROM**, you can count on **proven performance**. You can **make money** for many years!

# NEXT GENERATION ROM HIGH PRESSURE JETTERS

Check out our  
complete range  
of sewer cleaning  
solutions

# ROM SEWER JETTERS

Suitable for unblocking and cleaning of drains and sewers. Also useable for surface cleaning. The high pressure pump provides a cleaning pressure of up to max. 3000 psi and a water capacity of up to max. 26 gallons per minute.

**Need advice? Get in touch: 01642 843 106, [romuk@rombv.com](mailto:romuk@rombv.com)**

## **ROM SmartTrailer** Small in size. Big in performance

- » Operating range up to Ø300mm
- » Max. 2200 psi | Max. 13 gal/min.
- » 400 litres water tank
- » Petrol engine
- » ≥ 330 kg

## **ROM SmartTrailer Pro** Unrivalled ease. Unstoppable performance

- » Operating range up to Ø400mm
- » Max. 2400 psi | Max. 16 gal/min.
- » 650 litres water tank
- » Petrol & Diesel engine
- » ≥ 575 kg

## **ROM 900** Supreme comfort. Ultimate performance

- » Operating range up to Ø600 mm
- » Max. 3000 psi | Max. 26 gal/min.
- » 900 litres water tank
- » Water-cooled petrol engine
- » ≥ 955 kg | 270° rotating hp reel

complete range  
of sewer cleaning  
solutions

# ROM VAN PACK JETTERS

Suitable for unblocking and cleaning of drains and sewers. Also usable for surface cleaning. The high pressure pump provides a cleaning pressure of up to max. 6900 psi and a water capacity of up to max. 35 gallons per minute.

**Need advice? Get in touch: 01642 843 106, [romuk@rombv.com](mailto:romuk@rombv.com)**

## **ROM Cube** Small in size. Big in performance

- » Operating range up to Ø450mm
- » Max. 3000 psi | Max. 18 gal/min.
- » ≥ 400 litres water tank
- » Petrol & Diesel engine | ≥ 340 kg

## **ROM EcoNomic** Supreme comfort. Accelerating performance

- » Operating range up to Ø600mm
- » Max. 3000 psi | Max. 26 gal/min.
- » ≥ 600 litres water tank
- » Petrol & Diesel engine | ≥ 520 kg
- » 225° rotating high-pressure reel

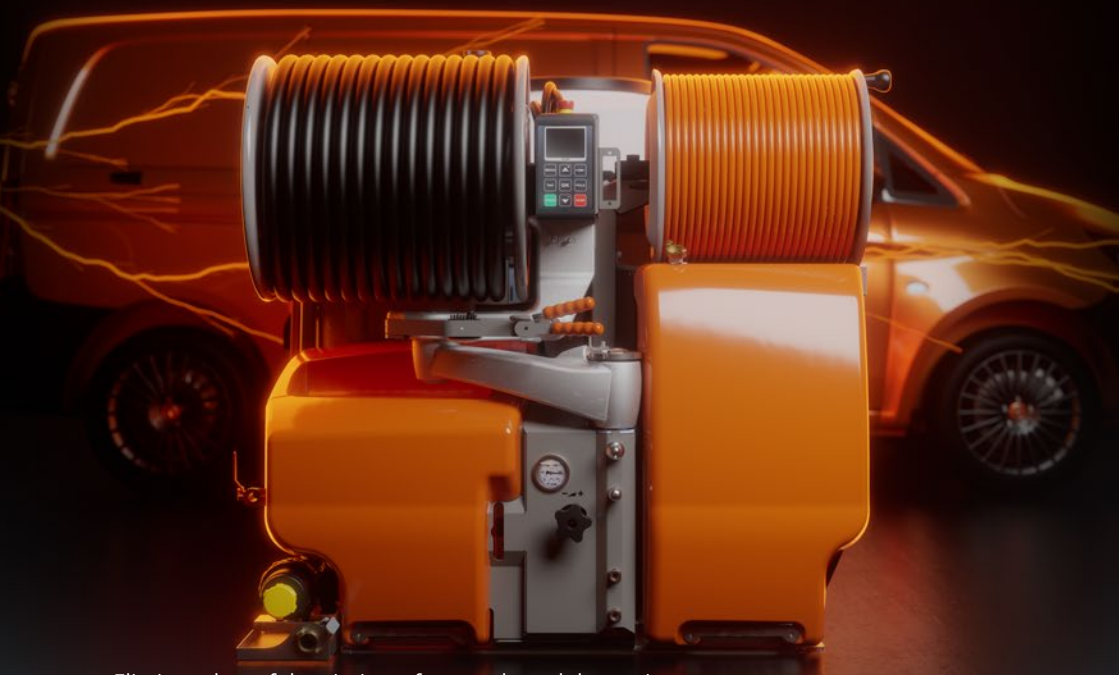

## **ROM EcoFit** Superior performance. For the toughest jobs

- » Operating range up to Ø600mm
- » Max. 6900 psi | Max. 35 gal/min.
- » ≥ 800 litres water tank
- » Petrol & Diesel engine or PTO | ≥ 750 kg
- » 270° rotating high-pressure reel

# ZERO-EMISSION JETTING FOR YOU, WORLD!

**100% ELECTRIC, 100% ROM**

#upgradeperformance

- » Eliminate harmful emissions; for people and the environment
- » Zero-emission zones remain accessible
- » More assignments thanks to preferred supplier status
- » Less noise; pleasant for user and bystanders
- » Savings on fuel and maintenance
- » Powerful all-day performance
- » Latest generation of lithium-ion batteries
- » Work faster, more pleasantly and earn more
- » Proven ROM quality; uncompromisingly reliable

**ROM** e-Cube | **ROM** e-EcoNomic | **ROM** e-SmartCombi Pro

# ROM 100% ELECTRIC JETTERS

Emission-free, powerful and uncompromisingly reliable. Meet our 100% electric ROM sewer cleaning solutions. Work more quietly and eliminate harmful emissions to contribute to a healthy and liveable (urban) climate. Invest in a future-proof solution that allows you to enter emission-free zones without restrictions. For now and in the future!

## **ROM** e-Cube

- » Operating range up to Ø400mm
- » Max. 3000 psi | Max. 16 gal/min.
- » ≥ 400 litres water tank
- » High efficiency electric motor | ≥ 450 kg
- » 11,5 kWh battery pack

## **ROM** e-EcoNomic

- » Operating range up to Ø600mm
- » Max. 3000 psi | Max. 26 gal/min.
- » ≥ 600 litres water tank
- » Liquid-cooled electric motor | ≥ 650 kg
- » 23 kWh battery pack
- » 225° rotating high-pressure reel

## **ROM** e-SmartCombi Pro

- » Operating range up to Ø600mm
- » Max. 3000 psi | Max. 26 gal/min.
- » 3000 or 4000 litres waste/clean tank
- » e-PTO | ≥ 1685 kg
- » 270° rotating high-pressure reel

about our  
company

# ROM AROUND THE WORLD

Every day, thousands of ROM machines are deployed in countless harsh environments. These units operate in extremes of heat and cold, withstand dirt and mud, and perform reliably day in and day out. We produce our sewer cleaning equipment in our factories in the Netherlands and in the Czech Republic. Not only do we supply our equipment to customers in the Netherlands, but also far beyond its borders. Our customers are located all over Europe, Asia, Africa, and the Americas.

**From the Sahara** to the North pole

# NEXT GENERATION ROM VACUUM CLEANERS

Check out our  
complete range  
of sewer cleaning  
solutions

# ROM VACUUM UNITS

Empty grease traps, septic tanks and surface water drains. Also ideal for the removal of excess water in flooded cellars or garages. The vacuum units can be easily mounted onto a trailer or van with open loading platform. In combination with the advised trailer, parking garages are easily accessible.
